Remarks:

- Surgeon reserves the right and decision as to the suitability of Operation Package accordingly to individual client's condition during consultation.
- Client should join the Operation Package before the operation. Cancellation of Operation Package is not feasible when the admission procedure has been completed nor after the operation.
- Application for the Operation Package after the operative procedure will not be accepted once the client has been admitted and the operation has been started.
- Since there is upper limit on doctor's fee for all packages, the total charge may be lower.
- Client should settle all package payment on admission.
- Client may opt for interest-free instalment package as offered by some credit card companies. Details are available at our Cashier.
- Other special offer or discounts will not be applicable with anyone of our Operation Packages.
- The payment could be deferred when it is a dire emergency.
- Once the Operation Package is confirmed and the operation performed is different from the joined package (e.g. Operation Package of VATs Lobectomy joined and VATs Wedge Excision done or vice versa), no either refund or settlement of the outstanding balance between the 2 packages is required.
