UNION HOSPITAL PAEDIATRICS CENTRE

The Paediatrics Centre at Union Hospital provides comprehensive care for newborn babies. We offer a wide range of vaccines to ensure that all necessary immunisations are given. Our paediatricians perform regular physical examinations and developmental assessments, and provide appropriate advice on baby care during each visit. Parents can be assured that their babies are well taken care of in terms of health and development.

 2/F, Medical Centre, Union Hospital, 18 Fu Kin Street, Tai Wai, New Territories
