Expansion Opening of Union Endoscopy and Day Surgery Centre

Union Endoscopy and Day Surgery Centre has been in service since January 2008. For enhancing the standard of endoscopy services, the centre is fully renovated and has increased the centre's capacity to serve for more day case patients. The Centre boasts of 10,000 square feet of floor space, 6 procedure rooms with state-of-the-art endoscopic equipment, 6 recovery beds and 10 day beds. A team of dedicated and experienced expert gastroenterologist, surgeons and radiologist with state-of-the art technology are in place to offer multi-disciplinary approach of investigation and treatment on gastrointestinal diseases.

Successful day case surgery requires forethought, careful case selection, excellent surgical technique, vigilant post-operative monitoring as well as contingency planning for the unexpected. The Endoscopy and Day Surgery Centre at Union Hospital has the back up of a fully equipped general hospital. For more information about the Centre, please visit: www.union.org/gicentre/index_e.htm
