僱員健康檢查 Employee's Healthcheck

僱員健康檢查已成為各機構的必要項目。它可協助僱主了解受聘員工的身體狀況，根據他們的智能和體格，評估他們的工作能力。若員工身體有缺陷，職前檢查也可以幫助僱主評估僱員的工作效能、安全、健康及其他同事的安全會否受影響。

仁安醫院之「僱員健康檢查」提供兩種計劃，可作為受僱前或定期的在職檢查。

Employee's Healthcheck becomes a corporate necessity to determine the physical conditions of prospective employees. It can determine their abilities to perform a job in accordance with their mental abilities and physical capabilities. It was also help determine if their disabilities, if any, will affect their personal efficiency, safety and health, or the safety of others.

Our Hospital offers two types of "Employee's Healthcheck". They can be taken as pre-employment or periodic check-up.

本院亦提供其他檢查，例如聽力測試、視力測試、肺功能測試，並可設計獨特的檢查計劃，以符合貴公司需要。經本院醫生評估檢驗結果後，本院會發出報告，通知僱主。

Other tests such as hearing test, visual acuity test and lung function test are available, and programmes can be tailor-made to suit individual's needs.

Reports will be sent to the employer after our doctor's review of test results.
